REVISED RULES AND REGULATIONS

PET POLICIES

Pet ownership is a privilege of residence at FMCCA and is attached to the ownership of a particular Unit. A Unit Owner may allow or disallow pet ownership by a Tenant. Therefore, restrictions, violations and any assessments or fines attached to pet ownership ultimately are the responsibility of the Unit Owner.

Pet owners, whether Unit Owners or their Tenants, are responsible for the health, well-being, training and behavior of their pets. Pet owners are expected to comply with animal regulations of FMCCA and the city of Santa Fe.

The Declaration and By-laws set forth regulations concerning pets. Among other points, these regulations call for no more than two (2) pets, including any combination of small dogs, cats, birds, or other household animals (not including fish). No wild animals or livestock may be kept.

Pet Application: The Pet Application form is available from the Association Office. A prospective resident with a pet (or pets) must complete a Pet Application form prior to occupancy. A current resident with a new pet must complete a Pet Application form within 30 days of acquiring the new animal. Resident pet owners are requested to update information on their pets a least once a year or at the option of the Association Office.

Non-Compliance with Pet Application: An automatic \$____ fine will be charged against a Unit Owner for each pet housed in a Unit without a Pet Application, followed by a \$_____ fine for each pet on the 1st of each month thereafter until approval of the pet(s) through a completed Pet Application process or until the Association is notified in writing that the pet(s) no longer reside in the Unit.

Other Violations: Fines for any other violations or regulations regarding pets will be handled under the Standard Fine Policy. In addition to fines, FMCCA reserves the right have any pet permanently removed if the pet is determined to be dangerous or vicious (by biting or seriously clawing any person without provocation), or has become a general nuisance by reason of noise, odor or other cause or if the pet is repeatedly allowed to roam loose or is regularly left unattended outside on a deck, patio or common grounds.
