By The Sea

Pursuant to the most recent County of San Diego Health Order issued on June 9, 2020, swimming pools are **permitted to reopen tomorrow, June 12, 2020 with restrictions. Please carefully review those restrictions below:**

- The maximum amount of people in the pool itself at any given time must be 25% of the pools capacity. Therefore the following must be observed:
 - Only **6 people in the pool at one time.**
 - Only **2 people permitted in the spa at one time (preferably shared household).**
- Pool area should be limited to no more than four (4) households at a time, with no more than fourteen (14) people total in the pool area itself at any given. Please note that capacity limits have been strictly outlined by the government and reports of violations can subject the association to potential fines and re-closure of the pool area.
- Pool and spa are available on a first come/first served basis. Out of respect to your neighbors, please limit pool time to no more than one and a half (1.5) to two (2) hours.
- The amount of furniture in the area has been reduced to avoid “gathering” that is not in compliance with the health order.
- We strongly encourage that you follow social distancing guidelines by maintaining 6ft between yourself and non-household members.
- Unless you are in the water, masks **MUST** be worn at all time
- If you are running a fever or otherwise not feeling well, please refrain from visiting the pool area until your symptoms resolve.
- While the association is providing periodic cleaning and sanitation, you are using this area at your own risk.
- You are asked to bring your personal sanitizer with at least 60% alcohol to wipe down any area you occupy both before and after use.
